FYI. For our awareness and for future reference should a similar situation arise.

Let me know if you would like some background on this issue. I think it was underway when you came on board but may be mixing it up with another permit.

Thanks,

Christine Ash

Subject: Response to Public Comments and Final Permit - Sandstone Development - PAS2R420BMCK

Good afternoon,

Attached is the U.S. Environmental Protection Agency's (EPA) Response to Public Comments submitted to EPA during the Public Comment period (7/29/2021 – 8/30/2021) for the issuance of EPA Permit # PAS2R420BMCK for the Moody Lot 5 #17 enhanced recovery injection well located in Bradford Township, McKean County, Pennsylvania.

I've also included a letter informing the Nation of EPA's final permit decision. A final permit has been issued to Sandstone Development effective March 3, 2022. The permit shall remain in effect for the operational life of the facility. The permit has been attached for your review.

The Final Permit and Response to Comments document has been posted on EPA's [website](#) for public review.

Thank you,

Ryan Hancharick
